DETAILED ACTION

Allowable Subject Matter

1. The indicated allowability of claims 258, 267, 275 and 283 is withdrawn in view of new grounds of rejection as set forth below.

Claim Rejections - 35 USC § 112

2. Claims 258, 267, 275 and 283 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. It appears claimed "the message " as defined by the tables in the claims are partially readable from Figs. 10A-10D and as such the disclosure is not enabling as it is not clear how all the variables and other elements are defined within the message.

3. Claims 258, 267, 275 and 283 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is not clear and adequately discloses how the claimed "message" as represented by the tables is constituted. For example it is not clear what constitute the range of values for such items as "Information Element", "Presence", "Multi", "IE Type and Reference" Semantics Description, etc. Furthermore the items constituting the table are not adequately defined.
